

THEOLOGICAL HOLISTIC CONSULTANT DIPLOMA-30 CREDIT HOURS

COURSES & DESCRIPTIONS

- **Life of Christ** - Gives you a deep understanding of the person and works of our Savior. It is structured on the basis of the Life of Christ arranged in a chronological harmony. Each of the four Gospels is introduced individually, however, its unique contribution is consistently recognized throughout. Several maps and charts are systemically wedged into the study to help you develop a firmer grasp on events, times, dates, and periods significant in the earthly Life of Christ. **4 CREDIT HOURS**
- **Herbal Healing** - Focuses on the development of Herbal Medicine and types of Medicinal Plants and their therapeutic properties. In addition this study will expand upon herbal remedies and their usage in for personal and private practice. Their usage, safety and a review of today's research on Herbal Plants and their effect on humans shall be included. **3 CREDIT HOURS**
- **Old Testament Bible Survey** - The main purpose of this survey is to involve you in a firsthand knowledge of the Old Testament. All too often students (and teachers/pastors) read what others say is contained in a certain book of the Bible and fail to spend time reading and/or studying the Bible text for themselves. Every person placed in a position to teach or preach in the local church should have taken a Bible survey of the Old and New Testaments. This OT Bible Survey will involve you in Biblical application, background study of OT books, survey, prominent subjects, customs, political climates, major religious and political figures, and key words and verses. In addition, there are more than 50 charts and maps that will guide you to a deeper understanding of the Old Testament. Both the Old and New Testaments make up the inspired Scriptures, but some feel the New Testament should replace the Old. In actuality, the New Testament is the sequel to the Old Testament's origins, heir of its promises, fruit of its seed, and the peak of its mountain. At the completion of this OT survey, you will be faced with the reality you didn't know as much as you thought you did before you began the study. **4 CREDIT HOURS**
- **New Testament Bible Survey** - The New Testament is the "new birthplace" of a Christian because this is where God's divine power transforms one from the old to a new life. In a Christian, there is a hunger in his/her heart to read and study the New Testament because God gave the written Word not only for the believer's salvation but for his/her edification ---- food for growing, maturing, and serving. With our New Testament survey, one will be able to gain deep insights about the entire New Testament and not just about selected parts. This New Testament survey is one of the most thorough in existence, unlike some abbreviated versions offered by other colleges, seminaries, and universities. **4 CREDIT HOURS**
- **Alternative and Conventional Treatments I** —The student is introduced to the history of natural health therapies, which will include natural health development, key people, and writings (books) that have played a role in the development in the field of natural healing. Almost every known disease is dealt with that allopathic physicians regularly treat, and alternative medicines are substituted instead. **NOTE:** At the end of each part of I, II & III the textbook presents the various treatments such as: conventional treatments, alternative choices, herbal therapies, at-home remedies, acupuncture, biofeedback body work, chiropractic, lifestyle changes, mind/body medicine, and nutrition and diet. **3 CREDIT HOURS**
- **Alternative and Conventional Treatments II** —This course will provide and examination of a variety of alternative health therapies such as colonics, homeopathic remedies, cancer remedies, and more that are available today. The results are also discussed. **3 CREDIT HOURS**
- **Alternative and Conventional Treatments III** —Discusses a wide variety of treatment options for ailments and maladies that are considered holistic or alternative. This course will consider and investigate a wide variety of treatments and chart their effectiveness. As there are several modalities of therapy available, various therapies shall be compared and analyzed. **3 CREDIT HOURS**

- **Bible Doctrine** - This foundational study is a must for every believer. No man or woman will progress without understanding the cardinal doctrines of the Christian faith. The study of Bible Doctrine cannot take the place of the Bible, but will prove useful to those who study it along with the Bible. True believers know that all Bible doctrines although compiled by humans constitute the positive teaching of God Himself. **3 CREDIT HOURS**
- **Christian Counseling** - A comprehensive study designed to help Christian leaders in their counseling work. It includes case studies and then tells what the Bible says about the problem. Some sections lead to a survey of causes, effects, counseling considerations, and suggested ways to prevent certain problems. The end result of such a course is you learn in your counseling how to be practical, relevant, and effective. **3 CREDIT HOURS**
